# Colby Fluid Management Products

## Colby Fluid Management Products

Our Colby line provides a convenient and effective means of managing infectious waste fluid generated during very wet procedures. Our products help to reduce the likelihood of injuries associated with wet floors. In addition, they protect healthcare professionals and housekeeping personnel from contact with contaminated substances and aid in your efforts to comply with OSHA's Bloodborne Pathogen Standard. Our products do not change the contents of medical waste, but rather help your team to more effectively contain it.

### SurgiSafe® Absorbent Floor Mats

SurgiSafe® Mats help keep floors clean, dry, and slip-free even during fluid intense procedures. They quickly absorb irrigants, blood, and bodily fluids through superior wicking, absorbency, and fluid retention properties, while conforming to uneven floor surfaces without bunching.

SurgiSafe® Mats retain solutions such as saline, Betadine®, blood, bodily fluids, sterilants, and caustic agents. They are simple to use and clean up, enabling faster O.R. turn-around times. All are non-sterile, latex-free, and intended for single-use.

Aspen offers a variety of mats, depending on your specific needs.

The **True Blue Mat** offers the highest level of protection. Its skid-resistant fluid barrier backing ensures that the floor beneath the mats remains dry and prevents staining.

The **Green Mat** is similar to the True Blue Mat, with a skid-resistant fluid barrier backing, but comes in a smaller 30" width and is less absorbent than the True Blue version.

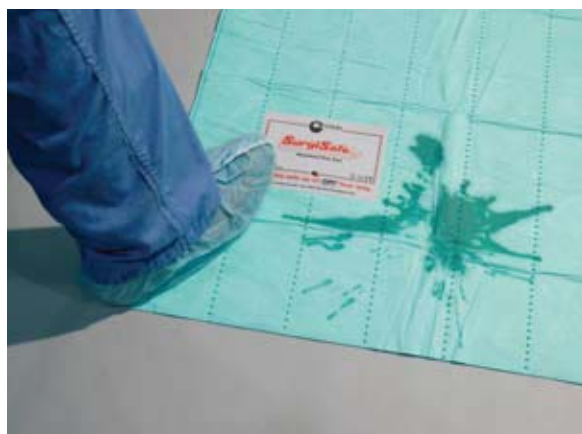

The **Yellow Mat** provides a durable surface. Yellow mats are strong and dense, allowing you to roll over them without catching the mat in your casters.

The **White Mat** is highly absorbent, and its thick material is ideal for high volume procedures.

### SurgiSafe® Absorbent Floor Mat

Part No.	Description	Size	Quantity Per Case
82350	True Blue SurgiSafe® Mat	23" x 40"	50
84625	True Blue SurgiSafe® Mat	46" x 40"	25
84610	True Blue SurgiSafe® Mat	46" x 40"	10
84672	True Blue SurgiSafe® Mat	46" x 72"	10
818100	White SurgiSafe® Mat	18" x 18"	100
81850	White SurgiSafe® Mat	18" x 18"	50
81860	White SurgiSafe® Mat	18" x 40"	60
83630	White SurgiSafe® Mat	36" x 40"	30
83610	White SurgiSafe® Mat	36" x 40"	10
83625-L	White SurgiSafe® Mat	36" x 72"	12
81860-2	Yellow SurgiSafe® Mat	18" x 40"	60
83630-2	Yellow SurgiSafe® Mat	36" x 40"	30
83610-2	Yellow SurgiSafe® Mat	36" x 40"	10
83625-2L	Yellow SurgiSafe® Mat	36" x 72"	12
836125-2	Yellow SurgiSafe® Mat	36" x 125"	10
830125	Green SurgiSafe® Mat	30" x 125"	24
83030	Green SurgiSafe® Mat	30" x 40"	30
83072	Green SurgiSafe® Mat	30" x 72"	30
83630-M	15 White and 15 Yellow SurgiSafe® Mats	36" x 40"	30
83610-M	5 White and 5 Yellow SurgiSafe® Mats	36" x 40"	10

### WaterBug®

The WaterBug® Quiet Floor Suction Device efficiently suctions fluid waste to reduce risks and maintain a dry operating room floor. You can easily maneuver the WaterBug® with a push of your foot to the areas affected by fluids. Its raised design and 12' of flexible tubing allows for easy repositioning.

The WaterBug® suctions unlimited amounts of irrigants, blood, and other bodily fluids from the floor. For thorough pickup, fluid is captured from the top via drain holes as well as from the bottom through superior suction and wicking action. The WaterBug® is non-sterile, latex-free, and intended for single-use.

Part No.	Description	Quantity Per Case
90030	WaterBug® Floor Suction Device	30
90020	WaterBug® Floor Suction Device	20
90010	WaterBug® Floor Suction Device	10

### WaterBoom®

The WaterBoom® Quiet Floor Suction Strip creates a dam to hold back, contain, and quietly suction an unlimited amount of waste fluid. The WaterBoom® is 32" long and provides strong suction while conforming to your O.R. floor. Its low profile allows you to step or roll over it without suction loss. Its 12' of flexible tubing attaches from the side to reduce tripping hazards.

This unobtrusive device does not require repositioning and is perfect for those who prefer nothing at their feet. The WaterBoom® is non-sterile, latex-free, and intended for single-use.

Part No.	Description	Quantity Per Case
94030	WaterBoom® Floor Suction Strip w/12' Tubing	30
94010	WaterBoom® Floor Suction Strip w/12' Tubing	10

### ViraSorb®

ViraSorb® Super Solidifier evenly and completely gels canister contents in seconds without stirring or agitating. Its powerful formula surpasses the competition, with 25 grams solidifying up to 1000cc of fluids, and facilitates safer handling and transport to the disposal site by guarding against spills or leaks.

ViraSorb® is non-toxic, Glutaraldehyde free, and can be safely incinerated. It does not revert back to a fluid state, eliminating spillage and leakage, qualifying it as Solid Regulated Medical Waste. It is latex-free and packaged non-sterile.

Pour nozzles are included with Multi-Use Bottles.

Part No.	Solidifies	Quantity Per Case
1005	500cc	200 Dissolvable Pouches
1006	1,000cc	100 Dissolvable Pouches
1000	1,200cc	96 Single-Use Bottles
1001	1,500cc	96 Single-Use Bottles
1002	2,000cc	36 Single-Use Bottles
1003	3,000cc	36 Single-Use Bottles
1010	10,000cc	12 Multi-Use Bottles
1020	20,000cc	12 Multi-Use Bottles

In addition to Patient and Staff Safety, Aspen Surgical carries a full line of O.R. Accessory, Woundcare, Instrument Care, and Ultracell® Ophthalmic and Otolaryngology products. Please call us to request one of the catalogs above, or to share your new product ideas!
